Doc No.: 15

MTA Decision No. 9 - Pit Procedure

From: The Stewards **Date:** 16 June 2026
To: Colorado Motorsport with Flying Lizard **Time:** 11:09

The Stewards, having received a report from the Race Director, have considered the following matter and determine the following:

N° / Driver: 413 / Zach Lumsden
Competitor: Colorado Motorsport with Flying Lizard
Session: Race 2
Fact: During post race analysis it was found that Car #413 crossed the pit entry line prior to the permitted time as defined for single Driver cars.
Offence: 40.8
Decision: Time penalty of 1m12secs. Moved to the last position in the results of all "running" cars.

Reason:

By crossing the pit entry line prior to the permitted time, the car gained an advantage on other cars, the penalty takes this into consideration and is based on the effective time required for the car to complete an additional full stop during the race.

The Competitor is reminded of his right of appeal (Sporting Regulations Article 51) except where the penalties are not susceptible to appeal.
